ABOUT FLOKI MILLIONS

FLOKI MILLIONS (\$MILLIONS)

Floki Millions will rise where other Flokis have fallen! He's not just your average meme token, he's a trendsetter of the highest order!

ORIGIN

Floki Millions embodies the mantra: work hard & play harder! He's worked hard for every cent he has and now he lives the good life. Floki Millions knows how tough it is to get ahead in the world today so he's here to teach you the secrets to his wealth. Stick with Floki Millions and let him show you the shortest way to riches beyond your wildest imagination!

LOTTERY HIGHLIGHTS

- Weekly giveaways starting with \$10,000 in prizes on Dec 24.
- Massive New Years Day (Jan 1) Tesla Model 3 draw.
- Moonshot Jackpot draw starting three weeks after launch.
- Earn rewards in BNB for staking \$MILLIONS in our locked liquidity pool.

LOTTERY EXPLAINED

Each week, lucky investors will be rewarded through random drawings at the end of the week. The more tickets you hold, the better your chances of winning prizes are! (Team wallets are excluded from these drawings.)

The lottery will be gradually rolled out in three phases.

- Phase I - Weekly draws, \$10k in prizes
- Phase II - Weekly draws, Tesla Model 3 giveaway
- Phase III - Weekly draws - Lottery smart contract for first Floki Millions Moonshot Jackpot

PHASE I

The main goal during Phase I is to maintain hype and encourage community engagement. Think of it like a week-long SweepWidget competition where you complete actions, earn tickets, and the more tickets you have, the higher your chances of winning a prize are! We will start out lottery draws by giving away \$10,000 in prizes on December 24th - 1 week after launch. To ensure we've got \$10,000 available for the giveaway regardless of token volume, we will seed the lottery wallet using proceeds from the presale.

PRIZES

- Top prize: \$5000
- Second prize: \$2500
- Third prize: \$1000
- Then 4th through 6th will get \$500 each

LOTTERY EXPLAINED

PHASE II

After 2 weeks of mooning, our lottery wallet will be nice and full and it will be time to give that back to the community! During Phase II, we will give one lucky holder a Tesla Model 3 on New Years Day - January 1st.

PRIZES

Top prize: Tesla Model 3

Other prizes: smaller \$USD giveaways

HOW TO EARN LOTTERY TICKETS

- We will give away tickets during special events throughout the week that will be announced in the TG group.
- We are going to host games in our TG group, winners will get lottery tickets.
- You'll get 1 lottery ticket for every 5M \$MILLIONS you hold in your wallet. We will take a random snapshot using BSCscan and tally the number of tokens per wallet and assign lottery tickets to those wallets.

Hold more \$MILLIONS and get rewarded!

PHASE III

During Phase III, we will deploy a new smart contract that will feature a locked liquidity pool. This liquidity pool will hold the funds for our exclusive Floki Millions Moonshot - Jackpot. We will move money from the lottery wallet to the locked liquidity pool nightly. It's important to highlight that we CANNOT remove the money from this pool. This smart contract will also have all the logic for hosting the weekly drawings. It will be completely transparent, audited, and secure so our lottery is fair.

There's some secret sauce here so keep reading...

LOTTERY EXPLAINED

FLOKI MILLIONS MOONSHOT JACKPOT

The way our Moonshot Jackpot works is: You go to our website and choose how many of your tokens you want to send to a staking contract address in exchange for lottery tickets. For example, if the exchange rate is 1 ticket per 10M tokens and you send 50M tokens to the contract address, you'll get 5 lottery tickets. These tokens will be locked for a period of time meaning you cannot remove them until after the lock period expires. In addition to sending tokens to a contract address, you'll pay a small fee to "activate" your lottery tickets.

THE FEE EXPLAINED

We'll charge a small number of BNBs to "activate" your staked tokens and turn them into valid lottery tickets (think: get numbers assigned to your tickets).

The fee will be allocated as follows:

- 70% - locked liquidity pool
- 20% - reflections in BNBs
- 10% - lottery administrative fees

The MASSIVE thing here is, if you stake your tokens you will earn reflections in BNBs that are INDEPENDENT of the volume of \$MILLIONS! Your rewards will come from the fee people pay to play the lottery.

Here's an example for the **Floki Millions Moonshot Jackpot**:

Entrance fee: 0.1 BNB per ticket
70% to the jackpot LP (0.07 BNB)
20% reflections to stakers (0.02 BNB)
10% administrative fees (0.01 BNB)

LOTTERY EXPLAINED

HOW THE LOTTERY WORKS

Each week, we will use our smart contract to draw random numbers and display them on the web page. If someone has a lottery ticket that matches these numbers, they will win the jackpot. If not, the “active” tickets will be deactivated and users must re-activate by paying a small fee again. (This fee will be allocated as described above.)

We will fund this jackpot liquidity pool using the lottery wallet from \$MILLIONS in addition to allocating 70% of the ticket activation fee.

The beauty of this system is that it OPENS our closed token ecosystem and gets money flowing in AND gives rewards to those who stake their tokens irrespective of \$MILLIONS' volume. MIND = BLOWN!

In addition to the main jackpot, we will have a smaller weekly jackpot with a lower entrance fee, so even more investors can buy-in and win prizes.

FLOKI MILLIONS TOKENOMICS

Lower taxes = lower slippage & higher volume resulting in MOON!

Total supply: 1,000,000,000,000 (1 Trillion)

BUY TAX: 10%

- 2% Reflections in \$MILLIONS*
- 5% Marketing
- 2% Lottery Wallet
- 1% Liquidity

SELL TAX: 12%

- 3% Reflections In \$MILLIONS*
- 5% Marketing
- 2% Lottery Wallet
- 2% Liquidity

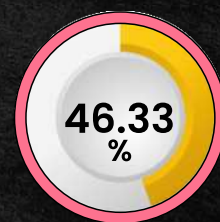

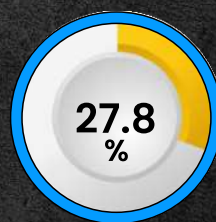

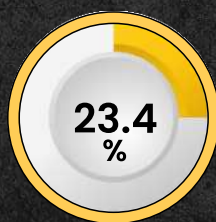

*There is no minimum amount of \$MILLIONS you must hold in order to earn rewards.

TEAM TOKENS (5.5%)

The team has a 5.5% token allocation that vests on the following schedule:

- 40% immediately
- 20% after week 1
- 20% after week 2
- 20% after week 3

TOKEN ALLOCATION AND LOCKS

WEEKLY LOCKS

Week 1 Lock:

<https://www.pinksale.finance/#/pinklock/record/5512?chain=BSC>

Week 2 Lock:

<https://www.pinksale.finance/#/pinklock/record/5513?chain=BSC>

Week 3 Lock:

<https://www.pinksale.finance/#/pinklock/record/5514?chain=BSC>

The founders have not allocated any tokens to themselves so they stay focused on mooning this token hard!

ETH BRIDGE (20%)

We have allocated 20% of the total supply for establishing the ETH Bridge. The ETH bridge will be set up on the 1st of January 2022 so the tokens will be locked until then.

\$ MILLIONS ROADMAP

It's not just about the destination,
it's about how you get there...

PHASE 0

- Develop Website, Logo, and Graphics
- Create Token Smart Contract & Tokenomics
- Set Up Social Media Accounts
- Organically Grow Telegram Group & Twitter Followers
- Sweepwidget & Shilling Competitions

Phase 1

- Formally Launch Website & Whitepaper
- Initial Partnerships With Influencers
- Contract Audit

Phase 2

- Ramp Up Marketing on All Social Platforms
- Whitelisted Pre-sale on Pinksale
- Launch On Pancakeswap
- CG/CMC Listing
- Begin Weekly Lottery Drawings

Phase 3

- Increase Strategic Marketing Partnerships
- Get Trending On Dextools
- Deploy Lottery Smart Contract On BSC
- First Huge Jackpot Drawing

Phase 4

- Launch Floki Millions on Eth
- Deploy ETH Bridge Connecting BSC and ETH
- Launch our own Lottery Platform

TEAM BIO

The team is doxxed and professional, absolutely the best of the best, and have gained their experience working on some of the most successful token launches this year. They've got the dev & marketing experience to send Floki Millions straight to outer space.

Executive Team

Jack - Co-founder / CEO
Sean - Co-founder / Dev

Marketing

CH - Head Of Marketing
Moonman - Marketing
